Indigenous Cultural Experience
Working Farm Stay

Perfect for travellers with a bit of extra time to explore the spectacular Dampier Peninsular. Visit Aboriginal communities, learn first hand of the **exotic pearling industry** and cruise the pristine waters of the **Buccaneer Archipelago**. We get off the beaten track and head to stunning Pender Bay where in season the **majestic Humpback Whales** are often seen. You will enjoy the comfortable eco accommodation and relaxed nature of this fully inclusive 2 day guided tour.

Day 1 Pick up Time: Chinatown / Town Beach District: 6.45am Cable Beach District: 7.00am

Day 1 Wednesday Beagle Bay, Pearl Farm, Sunset Boat Cruise Cygnet Bay Pearl Farm

Departing Broome early this morning, we journey up the spectacular Dampier Peninsula, also known as 'Dampier Land'. Largely Aboriginal-owned land, the Dampier is a delight for travellers seeking a Kimberley experience that is culturally rewarding in a beautiful environment. Travelling up the red 'pindan' 4WD track, we hear about the peninsula's fascinating place in Australia's history from our guided commentary. Our first stop is the Beagle Bay Aboriginal Community, home of the **Beagle Bay Church and its glimmering pearl shell altar**, where we enjoy morning tea. Arriving at beautiful Kooljaman on the tip of Cape Leveque we have time to swim and beachcombe on the pristine beach. After lunch we journey across to Cygnet Bay where we join a fascinating **Pearl Farm Tour** learning about the world's largest and most beautiful pearls that have been farmed in these waters for generations by the family owned business. Later this afternoon we take to the waters on a sunset cruise in the **the picturesque Buccaneer Archipelago**.

Day 2 Thursday Pender Bay, Bush Tucker Tour Concludes Broome

After a relaxing breakfast we travel back along the Cape Leveque Road before joining a sandy coastal track that takes us to sublime Pender Bay where we enjoy a picnic lunch overlooking the **migration grounds of the humpback whale**. We then **tour the innovative Gubinge (Kakadu Plum) Processing Facility** and learn of the amazing natural benefits of this native bush food and the savannah enrichment project in **this majority Indigenous owned business** (subject to access and seasonal opening – if not available an alternative experience may be substituted). After an incredible journey to one of Australia's most stunning best-kept secrets we arrive back in Broome late this afternoon.
