Departing Broome this morning we'll travel through the remote and beautiful landscape of the Western Kimberley, learning of local history, people and the environment crossing the Fitzroy River and visiting the famous **Prison Boab Tree**. We arrive in the township of Derby located on the tidal mud flats on the edge of the King Sound known for having the highest tidal range of any port in Australia prior to beginning our journey on the remote cattle track, the **Gibb River Road**. We travel towards the Napier Range, once a Devonian reef these escarpments are over 350 million years old and home to a diverse array of animals and plants. The perfect place to experience the stunning natural beauty of an outback oasis is the 3.5km geological wonder of **Windjana Gorge** and then exploring **Tunnel Creek**, a 750-metre cave system carved through the Range, in which we discover stalactites, secret caves and a variety of wildlife. It is here we also learn the legend of **Jandamarra**, an Aboriginal freedom fighter who used the tunnel as a hide out in the late 1800's. As the sun sets we journey through the Oscar Ranges and groves of majestic Boab trees before arriving at our comfortable accommodation on the banks of the Fitzroy River.

Day 6 Monday Geikie Gorge Cruise, Halls Creek Bungle Bungle Station Stay

After breakfast we travel via Geikie Gorge National Park where we explore the magnificent Darnku by boat. The best way to experience the scenery and abundant wildlife of this natural wonder is to join the **Geikie Gorge ranger-guided cruise**. Geikie Gorge floods during the wet season, with the swirling water leaving its bleached mark on the colourful gorge walls. Though the water retreats during the dry season, permanent water remains to sustain the wide variety of Kimberley wildlife. This morning we depart Fitzroy Crossing, breaking the journey in the the gold rush town of Halls Creek where we will visit an **Aboriginal Art Gallery featuring the work of local artists** who we may have the opportunity to meet. Continuing we arrive at our comfortable accommodation, home for the next two nights, at the famous Mabel Downs Station. Day 7 Tuesday Bungle Bungles Touring Bungle Bungle Station Stay

An early morning start sees us tackling the 4WD Spring Creek Track. After a brief stop at the Visitor Centre we have a full day to explore the highlights of this extraordinary **World Heritage protected Purnululu National Park**, the most famous of which, are the Bungle Bungle domes. Rivers created this landscape of unique orange and black striped 'beehive' geological formations over a period of 20 million years. Unbelievably, only the locals knew it existed until the early 1980's; once discovered by others, the area was made a national park in 1987. We explore **Echidna Chasm** (2km), known for its towering Livistonia Palm trees, and take a short walk (2-3km) into stunning **Cathedral Gorge**, where towering rocks create a natural amphitheatre. This is a truly memorable day as we once again share stories around the campfire tonight.

Day 8 Wednesday Optional Bungles Helicopter Flight, China Wall Yeeda Station Stay

Today we have the option of an inspiring **helicopter scenic flight** over the Bungle Bungles (from \$295.00 per person) that will surely be a highlight of your trip. After departing Mabel Downs Station we visit the interesting natural feature of **China Wall**. A natural quartz formation that runs six kilometres along the landscape, the wall is an echo of that for which it was named - the Great Wall of China. Continuing back along Highway One we arrive at Yeeda Station, **the oldest working cattle station in the Kimberley**. This evening we enjoy a delicious long table dinner of Yeeda Beef at the station homestead in the evocative outback surroundings prior to retiring to our comfortable accommodation in **stylish en-suited Eco Tents**.
